Shreds.

Author's Notes:
This is for Pop/Michelle. Long live spontaneity. Insert your usual disclaimer stuff here. Personal: Don\'t expect anything.

Maple syrup dripped down Dave's chin: "Yummy, David," he said. Yes, that's *right.* David, not *Junior:*

"You're no junior to me," Dave shouted later angrily and threw a tantrum so big, rest of his band had to leave the premises, he had matches, apartment went ablaze.

Junior regretted ever saying: "I'd tap that," 'cause once it was tapped, there was no going back, tap ran freely and failed to extinguish Dave's hell fire.

Fiasco had more than two members, they were hardly ever mentioned, poor sods. Same old Canadian treacle: "Yummy, David," Dave won't scare anyone again. Till next time.
